Abdukaliyeva G.M., Utepbergenova L.M., Smagulova E.M., Zharkenov E.B., Orysbay A.A., Tazabekova O.Zh., Zhumageldiyeva A.D., Abduova A.A., Shakhmurov Zh.A. Issues of water use in thermal power plants. Problems and solutions	8
Aldungarova A.K., Mukhamedjanova A.T., Tulebekova A.S., Nazarova A.G., Tleubaeva A.K., Kozhas A.K. Analysis of existing methods for determining intermediate geotechnical characteristics of soils	16
Alinova A.D., Zhartybayeva M.G., Villanueva F.J., Salkynov A.T. Bathymetric and hydrographic parameters of water bodies over neural networks	27
Apshikur B., Rakhymberdina M.Ye., Kapasov A.K., Toguzova M.M., Kolpakova V.P. Investigation of the processes of ecological and ecosystem changes in water bodies using UAV data	36
Alimgazin B.T., Raimbekova A., Kiyalbai S.N. Correlations between the devices of ICSp and PKRS-2U when measuring the coefficient of longitudinal adhesion of coatings	48
Baigereyev S.R., Zavalko A.G., Suleimenov A.D. Evaluation the structure efficiency of testing equipment for manufacture of automobiles	61
Baidrakhmanova M.G., Aldungarova A.K., Monika Kulisz Methods of applying the environmental approach in architectural design in modern residential complexes	70
Bektenova A., Denissova N., Bobrov L., Sadykanova O. The method of assessing academic giftedness by analyzing the mental map	83
Eldarova E.E. Testing software for increasing the visual properties of digital images	93
Yeshzhanov A.A., Murzabayeva G.K., Tojimirzaev S.T., Kaldybaev R.T., Batirkulova A.A. Influence of changes in the technological conditions of carding on the quality indicators of the tape and yarn	101
Zholamanov B., Ibadilda A., Sagymbekova A., Nurtai G., Sartayev D. Geodynamic study of the movement for lithosphere plates in Almaty	110
Zhumabay Ye.S., Kalman G., Sidorova E.A., Daurenova A.A. Development of a reference relationship solution model	117
Zarifulin R.M., Aldungarova A.K., Zharassov Sh.Zh., Mukhamedjan A.S., Menendez I.P. Monitoring of technological approaches to improve the reliability of hydraulic engineering facilities	126
Karimova G.K., Mashanova N.S., Niyazbekova R.K., Smagulova M.Ye., Sataeva Zh.I., Ibzhanova A.A. Pasta with the addition of oilseed cakes according to the requirements TR CU 021/2011 "On food safety" and GOST 31743-2017 "Pasta products. General technical conditions"	143
Kozhasov S.K., Zholmagambetov S.R., Kozhas A.K., Tolkynbayev T.A., Mukhamedzhanova A.T., Toleubayeva Sh.B. Analysis of the factors of the causes of collapse of the structures of the coating of the housing of the condensation of the FSO in Zhezkazgan	154
Kozhemyakina O., Shashok N.A., Kozhemyakina E.D. Organization of storage of poetic texts in information analytical systems, taking into account the specifics of the subject area	164
Litvinov V.V., Strunnikova N.A., Daumova G.K., Seraya N.V., Mutere O., Utin S.S. Optimal conditions for lime treatment of mine wastewater from polymetallic ore mines	179
Maksutova K., Saparkhojayev N., Zhamangarin D. Development of an ontological model of deep learning neural networks	190
Malikova F., Kydyralina L., Malyukov V., Lakhno V., Malyukova I. Game model for securities trading process control	202
Mamyrbayev O.Zh., Wójcik W., Titova N.V., Pavlov S.V., Oralbekova D.O., Aitkazina A.A., Zhumazhan N.O. Thermodynamic model of studying the dynamics of the temperature balance by calculating heat energy in agricultural sector	214
Orazova A.Zh., Kadyroldina A.T., Krasavin A.L., Alontseva D.L., Kussaiyn-Murat A.T. Nonlinear control of a robotic arm using a predictive model	226
Rzayev B.T., Lebedev I.S., Beldeubayeva Zh.T., Uvaliyeva I.M. Identification of rootkits in network traffic with using the bagging of classifiers	234
Toleuova A., Andreyachshenko V. Computer simulation of the process of forming an aluminum matrix using the Thermo-Calc program	244
Tyulepberdinova G.A., Adilzhanova S.A., Cherikbaeva L.Sh., Oralbekova Z.O., Zhartybayeva M.G. Organization of the system of remote monitoring of students' health	251
Ualkhanova A.T., Denissova N.F. Analysis of the current state of the issue of creating a spatial data infrastructure in the Republic of Kazakhstan	262
Fayzrakhmanov Z.T., Voynarovich S.G., Prokhorenkova N.V. Methods of gas thermal spraying for the restoration of small-sized parts	270
Hamitbek A.Kh., Kairbaeva A.E., Kopylov M.V. Determination of the splitting force of the cedar nut shell as a result of experimental studies	278
