TECHNICAL SCIENCES AND TECHNOLOGIES

<i>Alimseitova Zh., Akhmetov B., Kalamam Ye.</i> The value of information assets of educational institutions and the problems of ensuring their cybernetic security	21
<i>Amirgaliyev Ye.N., Bukenova I.N., Bukenov G.S., Kenshimov Ch.A.</i> Software solutions for the recognition violent movements by video	31
<i>Akhmetsadyk D.S., Ilyin A.M., Sagidolda E., Beall G.</i> Functionalization of graphene oxide by nitrogen	43
<i>Baidildina A., Akayev A., Duisembayeva G., Nurgaliyeva A., Yestauletova A., Karavaitseva L.</i> Study the of low-voltage technology of led lighting for the increase of its efficiency	52
<i>Doudkin M., Kim A., Yakovlev V., Rogovsky V., Vavilov A., Gurianov G., Kurmangaliyev T., Mlynczak M.</i> Justification of the design and development of a new combined seeding section for working in the conditions of the agro-industrial complex of Kazakhstan	60
<i>Zhakupova A.Ye., Turekhan D.S., Ramazanova Zh.M., Kalmanova D.M., Kalibekov D.M.</i> Assessment study using an artificial satellite of the earth, which is used in the determination of grain crops in agriculture by remote sensing of the earth	74
<i>Kabdolla M.O., Bakhbaeva S.A., Kalieva A.B., Arynova Sh.Zh.</i> Assessment of distribution system considering production and consumption waste based on remote sensing data at the territory of Pavlodar city	88
<i>Kaliyev D.I., Shvets O.Ya., Györök G.</i> Automated forest fire detection using fuzzy logic based image processing method	95
<i>Kanayev A.T., Moldakhmetova A.Ye., Remshev E.Yu.</i> Evaluation of residual stresses in the rim of railway wheels by mechanical method	106
<i>Karymsakova I.B., Bekenova D.B., Kenebayeva D.B., Adbibekova L.M., Kozhakmatova D.O.</i> Features of constructing program movements using hermite splines of the third and fourth orders	114
<i>Kurmanova D.T., Espolova Z.A., Uazirhanova Zh.K.</i> Research of triple alloys for applications in the construction industry	126
<i>Lekerova F.L., Alibekkyzy K., Azamatova Zh.K., Tulaev V.V., Koshekov A.K., Askaduly K.</i> Geospatial digital twin of the near-airdrome ecological environment	137
<i>Marat A.S., Rakhmetulayeva S.B.</i> Analysis of video quality and its impact on face recognition for an online proctoring system	149
<i>Nauryzbayev B.A., Akhmetova Zh.Zh., Pak N.I., Karipzhanova A.Zh.</i> Influence of modern digital technologies on the process of students' memory	158
<i>Rakhmetullina Zh.T., Soltanbekova K.K., Uvaliyeva I.M.</i> Review of operator methods for solving differential equations	167
<i>Sagidugumar A.N.</i> Obtaining calcium-phosphate coatings by microarc oxidation	177
<i>Sadenova M.A., Beisekenov N.A., Kulenova N.A., Anuarbekov T.B., Mamysheva A.M., Shushkevich L.V.</i> The use of artificial neural networks to improve the resolution accuracy of remote sensing information on the example of legume crop cultivation in Eastern Kazakhstan	187
<i>Seifula G.N., Keribayeva T.B., Rysbekova A.A., Toilybai O., Abdimatova T.D.</i> Analysis of the status and development trends of aircraft maintenance and repair centers	203
<i>Soltan A.V., Kylyshkanov M.K., Alibekkyzy K., Batalova M.Ye., Azamatova Zh.K., Ersainova Zh. Ye.</i> Quantifying and predicting risks in the ore-stream management system	212
<i>Syrnev B.V., Tuganbaev F.S., Sadibekov A.B., Ivashchenko Ye.N., Kulenova N.A., Sadenova M.A., Seraya N.V.</i> Investigation of the nature of gold coins pitting corrosion	224
<i>Uvaliyeva I.M., Bekbosynova Zh.</i> Application of machine learning technology for COVID-19 diagnostics based on chest X-rays	236
<i>Uvaliyeva I.M., Belginova S.A., Ismukhamedova A.M.</i> Mathematical and computer modeling in the pharmaceutical industry	248
<i>Khannanov R.R., Mihnev A.V.</i> Geodetic survey of metal structures of the boiler unit of LLP «GRES Topar»	257
<i>Khapin A.V., Makhiev B.E.</i> Causes of cracking in the brick walls of a five-storey block of flats built in mountainous terrain	265
